

200w solar street light parameters

Overview

At its core is a powerful LED module powered at 200 W with high-efficacy Bridgelux LEDs (210 lm/W). The LiFePO₄ battery ensures resilient power storage, offering around four to five nights of continuous lighting after a full day's charge. Anern 200W solar street light is a high-performance solar light system perfect for larger roads, urban pathways, and highway lighting. Q: Can I install it by myself?

Sure you can. And the voltage is low and safe. You can mount it on a pole or wall easily. Solar parking lot lights don't need to worry about electric shock, No need for wires. d will make any area ECULA| CALIFORNIA | 9 We will answer you as soon as possible. LED Street Light 200W 10,000Lm 6000°K IP65 Solar Sensor 40,000H [BX3-SLABS200W-CW] Tax included. The Shipping expenses They are calculated on the payment screen. We have published a new website only for professionals. This lighting system is crafted from premium aluminum alloy and boasts a Color Rendering Index (CRI) exceeding 80, delivering exceptional.
