

# Belize Energy Storage Project Construction

## Overview

The new Belize Energy Resilience and Sustainability Project will deploy state-of-the-art battery energy storage systems across four strategic locations in the country, marking a significant step forward in modernizing Belize's energy infrastructure and reducing its. The new Belize Energy Resilience and Sustainability Project will deploy state-of-the-art battery energy storage systems across four strategic locations in the country, marking a significant step forward in modernizing Belize's energy infrastructure and reducing its. Washington, D., February 5, 2025 - The Government of Belize, in partnership with the World Bank and the Government of Canada, announced the launch of a new energy project aimed at strengthening the country's power supply and improving the reliability of its electricity services. The project will be developed at BEL's property behind the BEL. Belize Electricity Limited (BEL) and Blair Athol Power Company Limited (BAPCOL) are proud to announce the signing of a landmark Power Purchase Agreement (PPA) for the development of a 15 MW utility-scale solar plant with a 1.5 MW / 3 MWh Battery Energy Storage System (BESS)<sup>1</sup>, which will be located.
