

Chile orders lithium battery packs

Overview

Chile plans to approve five new lithium contracts in March. The mining ministry will send these deals to the national comptroller. The government wants to expand mining operations under the national lithium . Lineage Power Pvt Ltd, the material subsidiary of Pace Digitek Limited, has received a major purchase order from Reliance Industries Limited for the supply of high-capacity lithium-ion battery packs. Under the agreement, Lineage Power will deliver 50,000 units of 48V 15S1P. Chile's mining ministry is moving forward with an ambitious lithium expansion strategy, preparing two new direct-award contracts for regulatory review as the country seeks to dramatically increase its production capacity over the coming decade. The analysis also assesses the GHG emissions intensity, water consumption, and social impacts of lithium mining and battery production in Chile, in addition to opportunities for b apidly in Chile.
