

# China high voltage switchgear in Chicago

## Overview

Richge is a leading manufacturer and supplier in China, specializing in the production of low voltage switchgear, high voltage insulators, high voltage earthing switch, etc. If you are searching for a factory, please consider us. Since 1936, Chicago Switchboard has delivered custom-engineered power distribution equipment to America's most demanding industries. Chint can provide GIS products from 66kV to 550kV, with an annual production capacity of 2000 bays for products with 145kV and below, and 1000 bays for products with 220kV and above. Customized services and various product needs all. By using Kisen Energy's Digital Cloud + Optical Storage and Charging Integration Solution, the above problems can be effectively solved, operational efficiency can be improved, management costs can be reduced, carbon emissions can be lowered, and green and sustainable development can be achieved. Stop by Booth #620 to see how we're advancing the future of reliable and resilient power delivery. Switchgear plays a crucial role in controlling, protecting, and isolating electrical circuits and equipment.
