

Five-minute micro-class network

Overview

ai's AI powered microlearning platform delivers compliance, leadership & role-based training through gamified TikTok-style lessons, boosting engagement. Businesses use it to train employees in short, focused bursts—a quick 5-minute video, a mini-podcast, or a short quiz to teach one specific skill at a time. The idea took off because it worked: adults were more likely to engage, remember, and apply what they learned when content was concise and. 5Mins. ai helps you seamlessly automate training from end to end. Inspired by a TikTok style user experience, and with gamification baked in to the platform, our bite-sized training platform. Enter microlearning: the educational approach that's reshaping how busy adults acquire new skills, one bite-sized lesson at a time. It allows for immediate feedback. Cited as best practice (by the Department for Education), the 5MLP (genuinely) reduces teacher workload! Tried, trusted and transformational, the 5MLP has been used by 5+ million teachers in almost every country worldwide! If playback doesn't begin shortly, try restarting your device.
