

Fixed type of Northwest power storage cabinet for hospitals

Overview

FLX is our fundamental storage cabinet built to withstand the demands of high-traffic medical facilities, like surgical centers, emergency and intensive care departments and operating rooms. Choose from pre-configured designs or customize them for unique storage solutions. STERIS's storage cabinets are available in dimensions and designs to meet. The Office of Statewide Hospital Planning and Development (OSHDP) is responsible for enforcing all building standards, codes, and regulations pertaining to hospitals, skilled nursing facilities, and under specific circumstances, clinics in the State of California. The following document was. At Case Systems, our healthcare cabinets and medical casework are designed to elevate every healthcare environment. Control access to your high-cost medications and supplies. This unit has a heavy steel construction with a double wall door. Glass or Plexiglas doors keep supplies dust-free, and allow you to quickly identify coronary stents.
