

Latest news on Amsterdam's energy storage solar companies

Overview

European BESS news from project owners Premier Energy Group, Verbund, Eco Stor, Ingrid Capacity, Ric Energy, Ganfeng Lithium, EP Group, RWE and Giga Storage, securing acquisitions, financings and route-to-market (RTM) deals for multiple gigawatts of capacity this past. European BESS news from project owners Premier Energy Group, Verbund, Eco Stor, Ingrid Capacity, Ric Energy, Ganfeng Lithium, EP Group, RWE and Giga Storage, securing acquisitions, financings and route-to-market (RTM) deals for multiple gigawatts of capacity this past. The Ministry of KGG launched a new 'connection offensive' (formerly called the 'breakthrough approach') late last year to accelerate grid utilization. Together with grid operators and other industry associations [.] Today, D66, CDA and VVD presented their coalition agreement 'Getting started:'. Amstelveen, 20 October 2025 GIGA Storage today officially inaugurates its third large-scale energy storage project. Energy storage company GIGA Storage unveiled Giraffe, Amsterdam's largest battery storage system so far. The infrastructure, located in Western Port's area, is expected to last 20 years and has a storage capacity of 47 MWh, equivalent to powering 800 electric vehicles. The Giraffe batteries have an. Amsterdam's Moonwatt has secured €8 million to scale its sodium-ion battery technology, designed to make solar energy more reliable and cost-effective. And, just months ago, added a 670 MWh ready-to-build (RtB) portfolio in the east of Germany.
