

Low-Temperature Battery Cabinet for Data Centers in Malaysia

Overview

Keep Malaysia connected with reliable backup power for cell towers, data centers, and network equipment. Our front terminal batteries are designed for telecom cabinet installations with extended service life. Ensure continuous communication services during power. EverExceed VRL A battery assembly cabinets are very durable, and easy to install. This solution is completely customizable and flexible to support your application requirement. Critical for emergency. Question?

The ESS115 and ESS215 are state-of-the-art Battery Energy Storage Systems (BESS) designed for efficient energy management in commercial and industrial applications. 2V Sunwoda cells and featuring air cooling. Designed by data center experts for data center users, the Vertiv™ HPL battery cabinet brings you cutting edge lithium-ion battery technology to provide compelling savings on total cost of ownership, with longer battery life, lower maintenance needs, easier installation and services, safe. Where bold brands ignite — strategy, story, and design for what's next.
