

## SUV solar expansion bracket

### Overview

The perfect solution for eco-conscious adventurers looking to harness solar power on the go. Get Solar For Vehicles with Crossbars: BougeRV crab solar mounting kit is an effortless solution to attach a solar panel to your roof rack and get solar access for your ride, such as power up your car fridge, solar generator, and battery. Fitment: The BougeRV purpose-built roof rack brackets fit. If you plan to use large panels (anything larger than 200 watts), you may need to mount the solar panel to a frame so it doesn't twist/flex, or over-engineer some traditional mounting methods so that it stays put. Now that you know the biggest factors involved, let's cover the top 3 most common. Say goodbye to fumbling with T-bolts and rail hardware! With our innovative Clamp Mounts, all of our roof attachments come rail-ready right out of the box. No more scrambling to install individual T-bolts or worrying about hardware falling off the roof during installation. \*Comes with (4) Brackets and (4) T-Bolts to.
