

Technical Support for 48V Power Cabinets in the Europe

Overview

FTMRS SOLAR specializes in photovoltaic power generation, solar energy systems, lithium battery storage, photovoltaic containers, BESS systems, commercial storage, industrial storage, PV inverters, storage batteries, and energy storage cabinets for European markets. As Germarel Electrical Systems, we offer Battery Cabinet solutions designed and manufactured in Germany and Europe, delivering robust, reliable and long-lasting protection for industrial battery systems. Germarel Battery Cabinets are available for 24V, 48V, 110V, 125V and 220V DC battery. What are DC UPS solutions for control cabinet mounting?

The DC UPS solutions for control cabinet mounting offer reliable protection against power failure, flicker or DC voltage drip of embedded box PCs, measurement and control technology, control systems/PLCs, sensors, camera and security systems. What is an uninterruptible power supply?

An Uninterruptible Power Supply is a backup UPS system which provides a continuous, stable and clean power supply to your electrical equipment and computer systems. In the event of a power failure the UPS system, which contains its own batteries, will. Beat the competition with our enclosure and case system, distinguished by its simplicity, assembly-friendliness and versatile functions.
