

Uninterruptible solar container power supply system for lighting

Overview

This basic entry level solar power system will provide lighting for a single shipping container. The lights will be a string of 4 DC LED A bulbs which operate on a timer switch. Prewired turn-key kits with Bluetooth technology for smartphone viewing of system data are easy to. The Larson Electronics SPLEDXL-2XGVP241L-LED-2X250AH-M1 Container Solar Lighting Package is a low voltage lighting solution for compact spaces without access to reliable power. This self-contained set combines a durable weatherproof solar panel and a rechargeable internal light, making it perfect for isolated units, workshops, storage spaces, or pop-up. This solar light kit offers an affordable solar light system perfect for providing solar powered security light solutions in shipping containers, isolated containers, garages, basements, cabins, remote cabinets, campsites, and areas where traditional power is inconvenient.
