

Wind knife power generation is not available

Overview

The primary reason why your base suddenly loses power is because you don't have enough power sources to keep your machinery and base shield running. A wind turbine provides just as much power as 2 generators, But it requires more materials to stay operational?

A generator needs a fuel cell for 1 hour of power. So 2 generators = 150 power for 2 hours for 2 power cells. Learn more about what to do when your generator is not working and how to make sure your base always has power here! What to do When Genarator Stops. The Wind Turbine is an item introduced in Scorched Earth and also available on Ragnarok, Valguero, Crystal Isles, Genesis: Part 2, Lost Island and Fjordur. Provides electricity by conversion of wind energy. It is used to generate Redstone Flux (RF) when connected to a Kinetic Dynamo. Building another Windmill of any type in close proximity (up to 7 blocks in front of it) will reduce its speed. The amount of energy produced depends on the.
